We dedicate the 1958 WAK-IGH-AN to our respected principal, Mr. John J. Hicks. He has worked faithfully to make Wakelon into a school that we can be proud of. He is both respected and loved by all the students of Wakelon High School.

Principal's Message

The students, faculty, and myself extend our congratulations for your untiring efforts in producing this fine book.

To the Class of 1958, we sincerely hope that the knowledge, ideals and principles you have acquired here at Wakelon will help you to be better able to take your place as good citizens and leaders in tomorrow's society.

Be brave when temptations pull at you. Strive always to be what you should be and always think more of your neighbor than of yourself.

John J. Hicks, Principal

In appreciation to Miss Barbara Kelly, our annual advisor. Even though this is her first year teaching, she has been an unfailing help to us in publishing our annual.

Senior Class Prophecy

As Mickey Phillips and I were sitting around one Sunday afternoon of this year, 1968, we happened to pick up some recent issues of the local paper. We saw the names of most of our classmates of 1958 in these issues of the paper. This is what we read about them:

Gary Alford, better known as "Huh-Huh" among his classmates, after twelve years of trying, finally has driven Mr. Castille crazy.

Freddy Beck attended the Citadel and was a great help to the football team there. He was the best waterboy they have ever had.

Clyde Boykin has now resigned from the National Guard and has joined the Russian Army. He says, "If you can't lick 'em, join 'em."

Larry Arnold is now test-driving Plymouths for Chrysler Corporation.

J. R. Bissette and Randall Boykin are now keeping books in Central Prison, where they are guards. They got their know-how of bookkeeping from Mrs. Privette.

Franklin Eddins now works in a sideshow in the circus, where he is known as "The Thin Man." Times certainly have changed, haven't they?

Donald Horton and Wilson Stallings took off for the Moon last week. Seems like a couple of girls disappeared at the same time.

Lee Blackley is now manager of the Lee Clothing Co.

Claud Dunn has become a famous criminal lawyer. He has defended such big-time gangsters as Terrible Elmer Perry and Herman "the Hatchet" Oakley.

Bruce Johnson and Jean Gay are married and all of their children are attending Wakelon School.

W. G. Griswold's Hell-Drivers are now the main event at the State Fair.

Mickey Phillips' TV show has taken the place of the Bob Cumming's Show. I guess it's his way with the girls. Patricia Brantley is vice president of ESSO Oil Company. A big change, isn't it?

Loretta Cawthorne is now wearing a wig. That peroxide she used during high school days was rather strong.

Vaughan Wade's eyes are somewhat sore. He was in a bowling alley the other day and his head was mistaken for a bowling ball.

Ann Hopkins has created a new kind of cigarette. She couldn't find one she liked among all the others she smoked.

Hilda Brannon and Frankie are happily married.

Barbee Chamblee is a prominent engineer. He attended State College after graduation from High School.

Fay Temple now works for Life magazine. She really liked her part in the senior play.

Leslie Strickland is in the Navy these days. He has traded his Plymouth for a rowboat.

Thurston Perry is working with U.S. Scientists, who are still trying to get their first satellite off the ground. Louise Hood is a housewife. She got her start while still in high school.

Harvey Joe Mangum liked French so much that now he teaches French at Wakelon.

Thomas Strickland's knowledge of guns learned in the National Guard has made him the Wyatt Eard of modern time.

Judy Overman is in the WAVES. Her father's profession influenced her.

Gardner Temple is the owner and operator of Temple's Market.

Mary Jo Pace has just won \$64,000 on a quiz show. We knew her knowledge would someday lead to success.

Larry Perry is manager of Wakelon Theater. He got his start during his high school days.

Rose Baker and Ann Bobbitt are running a night club. It is known as the "Rose-Ann Night Club."

Jean Murray is a drill instructor in the Army. They hired her because of her loud mouth.

Glenda Wilson is now the wife of a prominent dairyman.

Julia Pace is the president of the Woman's Athletic Club of America. This is because she was such a good athlete in school.

Jean Fowler is now the chief typist for the Raleigh Times. She got her start in the Journalism Club at Wakelon.

Judy Green is working with her husband, Dr. Joe Wayne Tippett, as his assistant in his animal clinic.

Faye Fowler is a teacher at Wakelon School, since she loved to go there so well.

Margie Blackwell and Carol Johnson were lost in last year's Christmas rush, due to their quietness.

Judy Perry has taken Hollywood by surprise. She has taken the place of Natalie Wood in the acting field.

Judy Pearce and Ann Walters have opened a Beauty Salon in Rolesville. They want to show those Rolesville girls how to catch their hometown boys.

Annell Williams has just finished writing a book on how to pronounce names properly. She received the idea from Mr. Castille.

Well, this just about winds up the wherabouts and professions of the members of our Class of '58. Most of them have been successful, although some have not, but we are still thinking of them, our Class of '58.

Alma Mater

It's dear old Wakelon,

It's dear old Wakelon,

We have the best school in the land.

Come on, Wakelonians; join in, Wakelonians,

We'll show the whole world where we stand.

Now is the time, boys, to make a big noise,

No matter what the people say;

For there is none to fear,

The gang's all here;

So it's hail to dear old Wakelon, Hail!

SENIOR CLASS POEM

We, the graduating class of 1958, have
Reached the first of life's plateau,
And it's with humble hearts we give thanks
For having come this far.
We've never faltered in our determination
To attain our goal although
We might have failed if we had not had
Our wagon hitched to a star.

We look forward to the future without
A backward glance
Knowing full well life holds much in store
For everyone who strives
To do his best, and to take advantage
Of every chance
To serve God and our fellow-man,
And thus enrich our lives.

It is with mixed emotions that we have come
To the end of this school year.
It's the time we have strived toward
With great anticipation, and yet
We hate to say goodbye to "Dear Ole' Wakelon"
And all the friends we hold so dear,
But the tie that binds us together
Is so strong we can never forget.

CLASS SONG

Classmates of 1958, let's raise our voices strong
In love and adoration for the school we've loved so long.

You've given us courage for a shield - you've given us visions bright.
All that is best is ours because you've taught us truth and right.

For in these halls we mixed the clay of happiness and sorrow
With power we gleamed on yesterday we'll mold a bright tomorrow.

To you we leave behind, "Adieu," employ power endowed
And you shall taste the glory, too, and bear the homage proud.

Refrain verse:

Wakelon, we'll ever cherish the - we'll hold your ideals true.
We'll seek to prove our loyalty in all that we shall do.

Senior Class History

In September 1946 we, the seniors of 1958, began our long, hard, haul to the twelfth grade. This was a memorable day in our lives though there were many heart-breaks and tears. In the first grade Mrs. Wall and Mrs. Page taught us our A-B-C's and also taught us not to be naughty. In the second grade we had fewer recesses, much to our sorrow, and Miss Husketh and Mrs. Smith taught us much more about "reading, 'riting, and 'rithmetic."

The third grade was an excellent year for some of us because Miss Yelverton gave us candy and bubble gum for making a hundred in Spelling. We also got a half holiday for doing this. Miss Rogers taught her class the meaning of the word "silence." Miss Tyson and Miss Lewis had to contend with us in the fourth grade. Miss Tyson made our year more pleasant by telling us stories about "Bill and Sambo." Miss Lewis taught some of the girls in her class how to get in out of a hard shower by drying them with a paddle.

Our fifth grade teachers, Miss Chappell and Mrs. Gregory, began to match our wits and skills with North Carolina History and a few other subjects. From the look of some of the grades somebody's wits and skills didn't match so well with North Carolina History.

Mrs. Chamblee and Miss Norris taught us about fine arts. Miss Norris was our first single teacher to be worried so much by us that she became desperate and got married. During the year, we took a trip to Durham where we were in a singing contest. This was our sixth year in school.

During our seventh year, we learned the art of dodging from Mr. Richart, and Mrs. Bunn learned not to stand in a thin bottom chair with high heels on. It might cause a fall. Our teachers took us to Raleigh where we went through the Museum and the Educational Building. We were also on radio and we talked to Carl Goerch from the WPTF Radio Station. Herman Oakley got a quarter from him for naming the first five presidents of the U.S.

In the eighth grade we had a tremendous contrast. Mr. Weir six feet six inches tall as compared with Mrs. Blackley who was not quite five feet tall. Mrs. Blackley tried to teach us some English, but she wasn't very successful. Mr. Weir took us to the Planetarium in Chapel Hill where we made a study of the Stars. Mr. Weir also gave some of us the opportunity to learn how to shovel coal. Mickey, W. G., and I will vouch for this fact.

At last we reached high school. We stayed lost for the first few days, and some of us never went to the same class twice during this time. Mr. Holt and Mr. Ingraham guided us through this year. Mr. Ingraham called us "goonie birds," but we never found out if this were good or bad.

When we became Sophomores, we already knew our way around and no longer had to stumble around blindly looking for our classes. Miss Walker and Mr. Castille received the HONOR of having US that year. We were proud to be Waiters and Waitresses at the Junior-Senior Banquet.

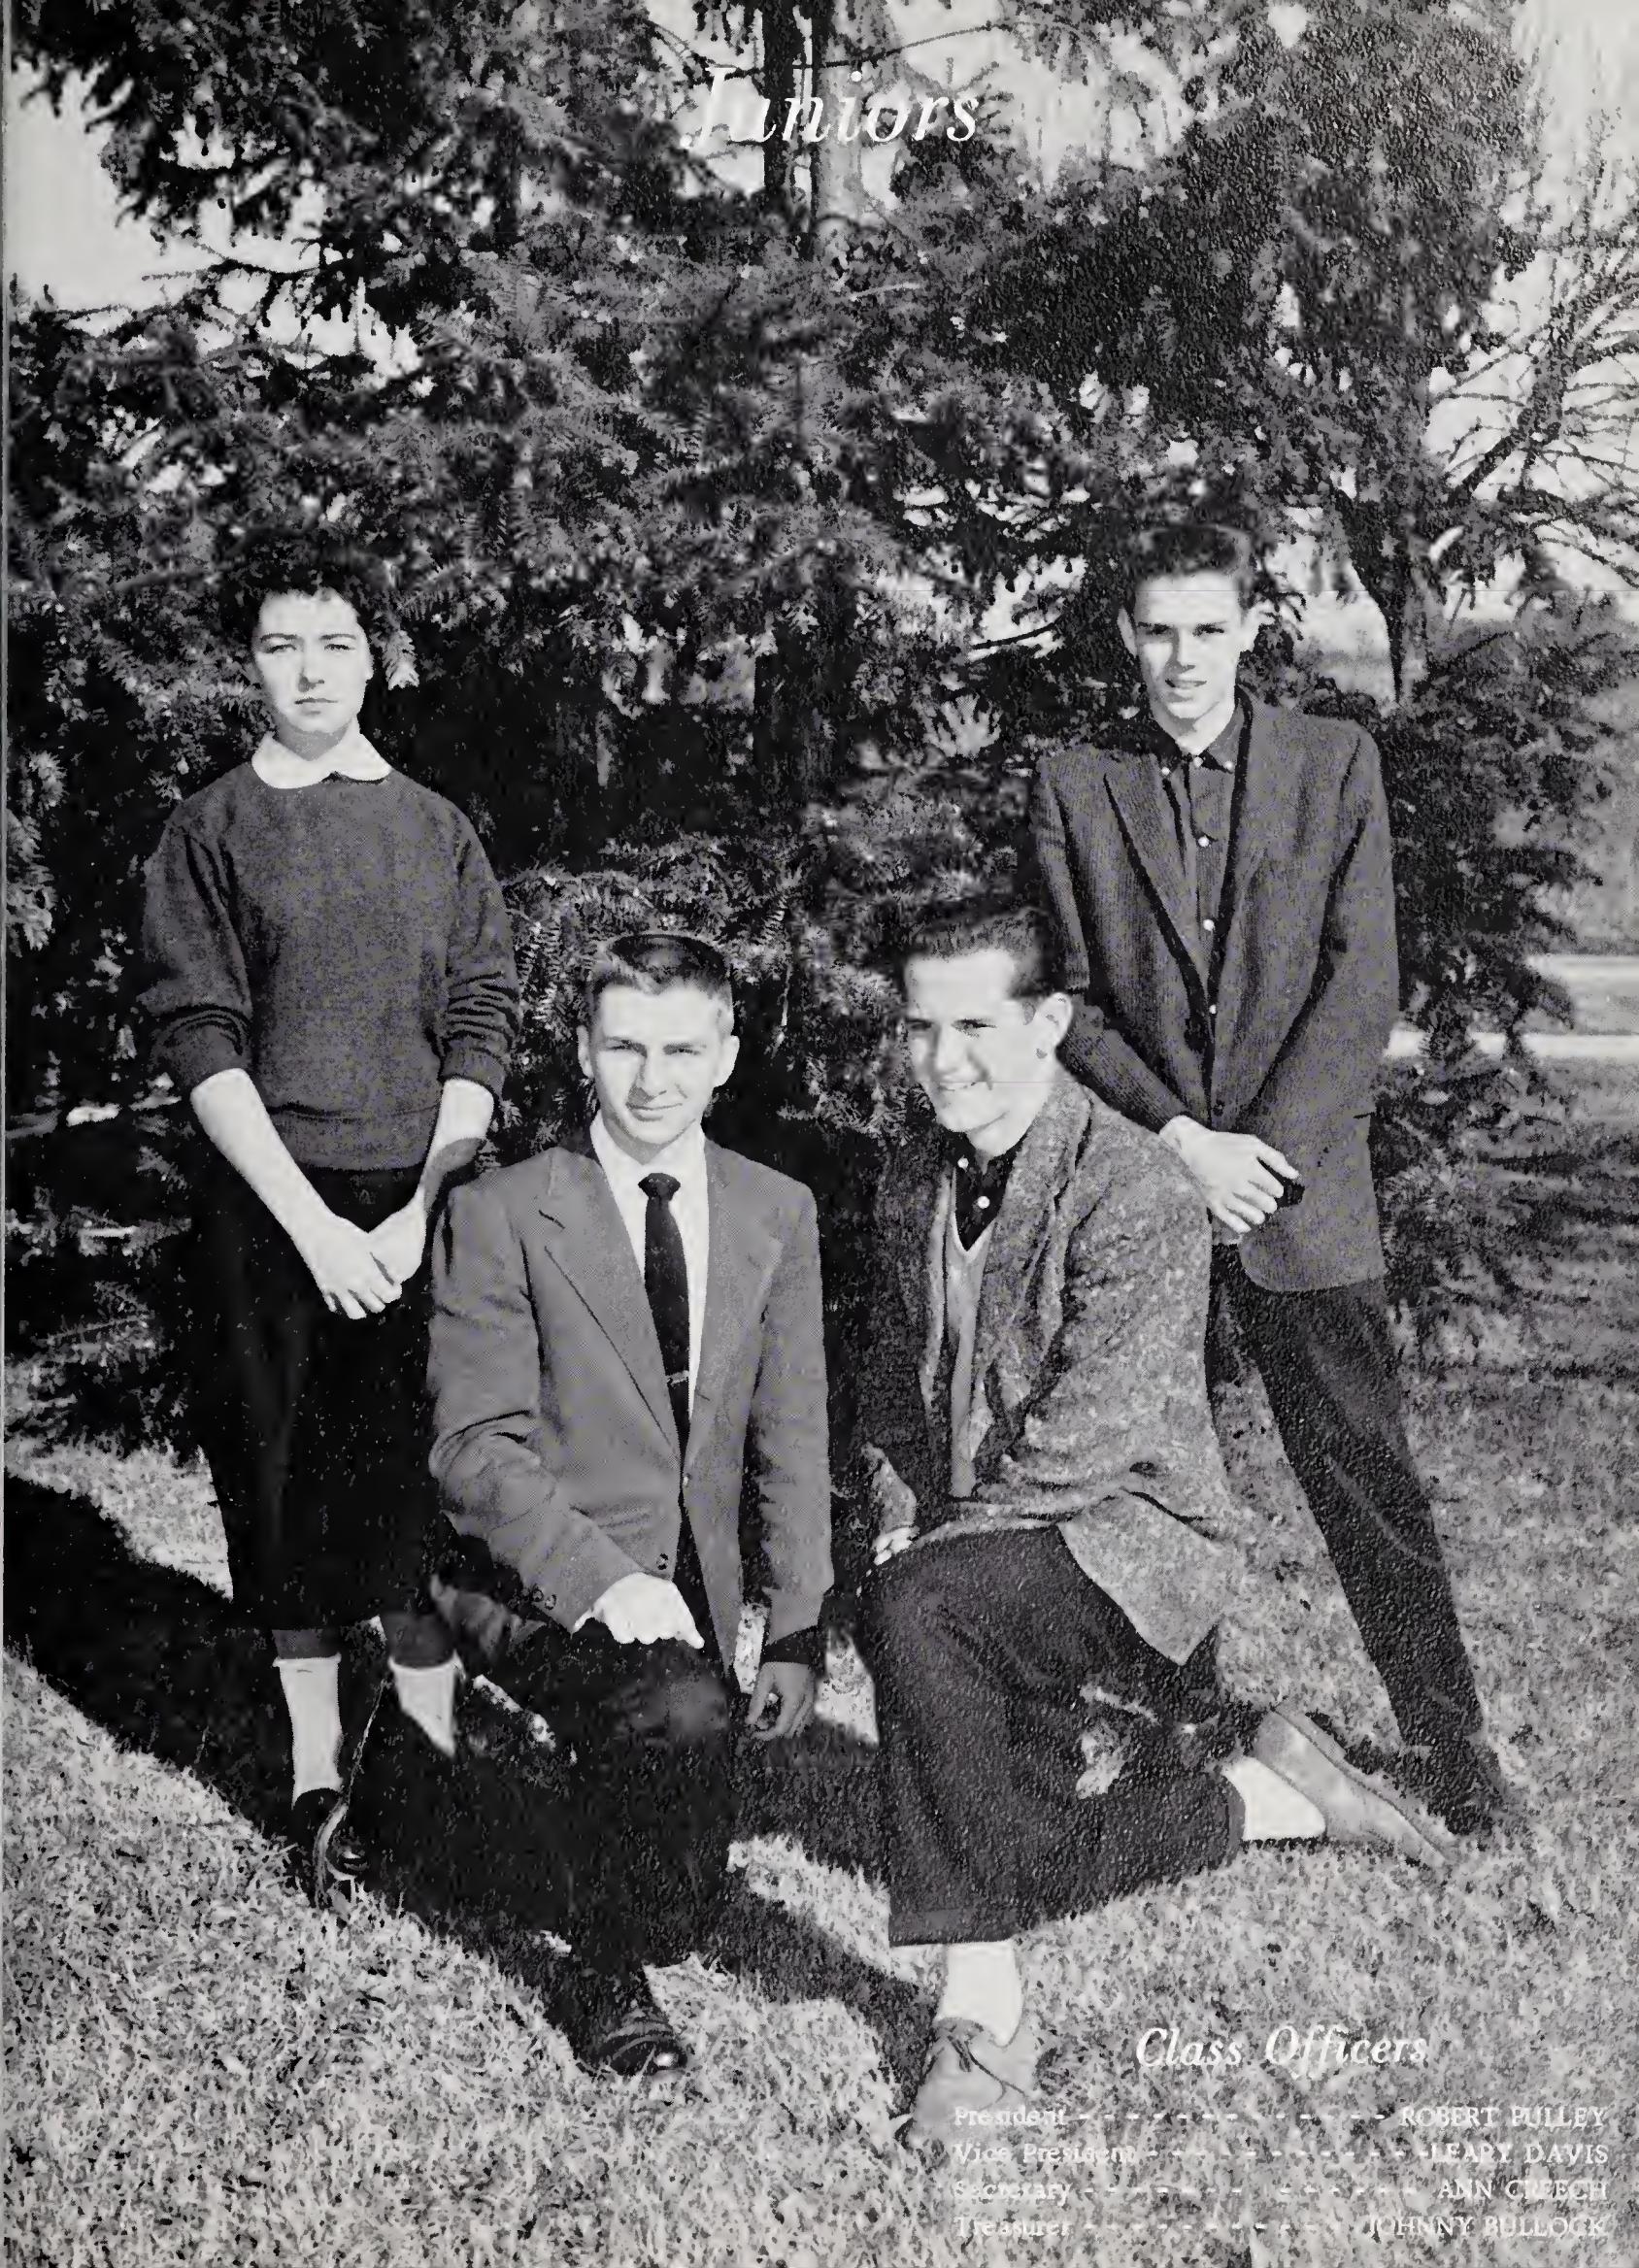

Miss Walker liked us so much that she kept us for another year, our Junior year. Miss Gay was also one of our homeroom teachers. This is a year we will never forget. We have many happy memories from this year. We sold magazines and beat the previous Junior class in the sales made. I imagine the happiest day was when we received our class rings; although, some of us didn't keep them very long. Then came the Junior Play and what a glorious time we had putting it on. W. G. dressed as a girl and Mickey dressed as a Swami were the highlights of the show. Mary Jo thought that Mickey was her husband, but all the time he was Patricia's secret lover. Patricia just loved to correct herself when she got out in the play by saying, "Oh, that's not right." Then came time for us to put on the Junior-Senior Banquet. We fixed up the lunch room to look like a Fairyland. The theme of our Banquet was "Fairyland Romance." This was such a glorious occasion for us. At Class Night we held golden leaves for the seniors to walk under. We wished our friends in the Senior Class a fond farewell.

At last we are Seniors. What a marvelous feeling it is to be a Senior and to get Senior privileges. The underclassmen have to stand up while we walk down the aisle. Miss Kelly and Mrs. Privette are our homeroom teachers for this year. Our Senior Play was a big success and we enjoyed putting it on very much. I was Ted and Patricia was Wendy. Wendy was Ted's girlfriend and Ted was having trouble keeping her. Claud Lee was a policeman and Judy Overman was Patricia's competition. Mickey portrayed a "smoothie" who was Ted's competition. W. G. was not able to be in the play because of injuries received in a football game. Then came our Senior Supper which was a big success. We sold candy during December. The class had such a good time in Washington, D.C. that they all wished we could have stayed a month instead of a week. I am sure that was one trip we will never forget. The Juniors gave us a very nice banquet which we appreciated very much. Now we are looking forward to our graduation. It will be a long time before we will forget our classmates, what they have done, and what they mean to us.

Now that we are about to complete our high school education, we realize that our task is "Not finished, just begun."

One to grow on . . .

Good health is our business. We take a deep personal pride in watching the growth and development of youngsters raised on Pine State's good, health-giving milk and dairy foods. We feel great satisfaction in the knowledge that we contribute to the growth of the community as we do to the growth of its citizens.

We're proud of the fact that we're growing, too . . . that more and more families are asking for Pine State's pure, delicious milk, ice cream and other fine dairy foods.
